Back row: John Perreault, Alan West, Jeff Haskell, Peter Baldor, Brad White, Brent Abare, Randy Tucker, Steve Pellon, Jay Frattini, Jeff Salvador, Tim Jenness.

Both the students of S.H.S. and the townspeople were very proud of this year's varsity soccer team, which made a fine showing both in teamwork and sportsmanship. The final record of the '79 soccer team, was an impressive one: 11 wins, 2 losses, and 1 tie. In addition to establishing several school records, Spaulding won, for the first time, the division-five championship.

Selected for their outstanding play for the division-five all-star team were Bruce Buntin, Frank Pinard, and Franco Rossi. Greg Bolduc, Greg Thygesen, and Michael Thompson received honorable mention. Bruce Buntin was also picked for the All-State soccer team. Congratulations!

The team's combined alertness, powerful booting, positive attitude, fine play, excellent ball skills, outstanding hustle and aggressive play, all contributed to one of the finest soccer seasons ever for Spaulding. Bruce Buntin and Frank Pinard, our co-captains, along with Wayne Bean and Lester Smith, performed exceptionally well as strikers for the Crimson Tide. Backing them up was the combined superb play of Steven Benoit, Michael Thompson, Bill Dudley, Marco Parent, Bruno LaCroix, Franco Rossi, Jeff Dunn, Greg Thygesen, and the invaluable goalkeeping of Greg Bolduc. Remember, it was the stalwart play of the defensive unit that kept the opposition from scoring in at least nine games. It was the scoring ability of the front line which got the needed goals to win those games. Both the defensive and offensive units offered inspired leadership at all times.

Don't forget the highlights of the season: the initial victory over Colchester on that rainy afternoon . . . then the two ties in succession with Essex Junction and Mississquoi . . . Wayne Bean's opening goal in the second half at Williamstown . . . Frank Pinard's fantastic goal from the extreme left at Northfield and critical winning goal against U-32 on our field . . . Bruno LaCroix's long boot goal that just cleared the upper right-hand corner of the goal for an important score against Harwood . . . Bruce Buntin's five goals against arch-rival Oxbow and new school record . . . Franco Rossi's sliding tackles and tough defensive play, and ride to the hospital . . . Steve Benoit's outstanding mid-field play and fine chip shots in all our games . . . Lester Smith's excellent wing crosses . . . Bill Dudley's fine offensive play during the homecoming game, and loss of teeth . . . Greg Bolduc's incredible saves during the entire season, especially the opening game against Mississquoi . . . Danny Wilbur's tremendous goalkeeper play at U-32 and help during the season . . . Greg Thygesen's impressive speed, defensive play, and uncanny ability to stop attacks in critical plays during the season . . . Michael Thompson's fine mid-field play and long kick that inspired a come-from-behind win over Oxbow in our last regular match . . . Jeff Dunn's valuable play on the left side of the field . . . our loyal supporters . . . all contributed to a truly great season. Mention should be made of the seasoned play made by our substitutes: David Fish, Jimmy Corning, and Walter Whaples.

Coach Castenguay's junior varsity squad provided many splendid accomplishments too, significantly having a very successful season with lots of important wins and fine performances. The team is looking forward to great things from them next year. To you departing seniors, good luck to you. Congratulations to the entire team for a winning season. Don't ever forget the spirit of '79. You made it a memorable one.

Coaches: D. Chevalier and D. Castenguay

Fall cheering began with practices at Mary Jane's. The best part of practicing was cleaning out their refrigerator and cupboards afterwards. Beth Rouelle, our new advisor, put a lot of time and effort into helping us make the season run smoothly. This was especially important when it came to Homecoming. We weren't sure we'd get everything done, but we did and it was a big success (especially the cake).

We found that a good way to psych the guys for a game was to make posters and decorate the locker room, but if they thought we did it just for their benefit, they're wrong because it psyched us up too.

The van rides always provided excitement. If we weren't too busy eating, we were singing our favorite songs or someone was spilling popcorn.

The season ended happily with a lasagne dinner at Beth's.

1979 Powder Puff Football Game

It was a clear cool day on November 4th. The day of the fourth annual girls powder puff football game had arrived. The excitement mounted as the game grew near.

Finally the captains were called to the middle of the field for the coin toss. The seniors won the toss and chose to receive the kick.

The officials Mr. Rapalje and Mr. Burns blew their whistles to start the game and junior Lori McPherson kicked the ball high and far. It was time for the girls to put their weeks of practice together and use their knowledge in a game situation.

The ball changed hands many times in the first half. The defenses proved to be stronger than the offenses as there was no score until late in the second quarter. It was then that junior halfback Sharon Farr ran thirty yards for a touch down.

After the half both teams came out hitting even harder. Neither team scored until thirty seconds left, senior Kim Gregory recovered a fumble. After two tries, Jan Bernasconi scored.

The game went into overtime. Mary Jane Wobby scored with a quarter back sneak, and the juniors came back with their own quarter back Lynn Carrier scoring.

In the closing seconds, Wobby scored again and the seniors won the game. The seniors left the field with the "thrill of victory", while the juniors left, not in defeat, but in anticipation of another chance next year.

Robin . . .

Since God called Robin Lord at such a young age, 16, we must assume He was in need of a superior athlete on His field hockey, basketball, softball and whatever teams. Maybe the young people in heaven needed a leader, a warm friend, or an academic example to emulate. What ever the reason God took Robin from us, He can not erase our memories and affections. We pray Robin, that now you are enjoying the rest you earned or better yet, all your sports. "How many goals have you scored, Robin?"

Our basketball cheering season got off to a great start when we went to a NCA clinic at Windsor High School on a very slippery morning two days after tryouts. The clinic helped us so much we decided to have one for all the SHS squads in the gym.

As the season progressed and the games were going by faster and faster a lot of things happened that brought us closer together. We really got to know each other and the players . . . especially on the bus rides to away games. Those bus rides were something else . . . munching out on Brenda's M & M's while we listened to Layne's tapes and Robert's jokes. Once we got to the game, we ate again on the banquet buffet we found to be very filling but enjoyable and later playing cards with the guys while we waited for the Varsity game to start.

We had a lot of spirit and good sportsmanship on our squad this season. It was always there especially at the Montpelier games where our never ending rivalry carried on. We always tried our hardest and gave it everything we had because we knew that for this to work it took at least that from everyone of us.

We might not have had the best of seasons, but we had a great bunch of guys on our team who always tried their hardest and never let a loss get them down. Even though we didn't always win, we had a lot to cheer about.

10th year

We are celebrating the tenth birthday of Barres Regional Vocational Center. Although some faculty members have changed, some forty percent remain on the staff. The center has continued to up-date machinery and knowledge. In todays rapidly changing technological society, we are proud of the part played by the Center in providing job and technical knowledge to the students of Central Vermont.

Not many people realize the long hours and tedious work that went into this yearbook. There were ads to sell, layouts to be drawn, pictures to be taken, developed, enlarged, and scaled, copy to be typed and of course, "praying" that we'd have it all finished in time to meet our deadline. But all the work was worth it!

Our business advisor, Mr. Skillin, helped provide for the thing that we needed the most . . . money! Now-a-days, you can't go too far without it. He did a lot for us and we're grateful for all his efforts.

Mr. Freeman, our production advisor, was a tremendous help. Without him you probably wouldn't be looking at this yearbook. He was always there . . . pushing us onward . . . mostly uphill. For all your help, Mr. Freeman we thank you.

"Our Echo 1980" is more than just a book of pictures and names. To many it's a book of memories. Not just memories of the various basketball and football games, Junior Prom, Homecoming etc . . . but memories of all the friends and special people that made all these times possible. So actually, it really wouldn't be "Our Echo 1980" without all you "Special People".
